

To all residents of the Town of Harrison:

Under the authority of ss. 66.0405 the Township will be providing Garbage and Recycling services for all of its eligible residents on every other week schedule. Eligibility is defined as "All primary dwellings owner occupied for greater than 6 months yearly and those owned by another person owning two or less within the Harrison Township". Extra containers can be obtained by a personal contract with the provider.

Each resident will be provided with one dumpster for garbage and another for recyclables. Anyone who wishes to have an extra dumpster can arrange it with the Garbage and Recycling provider. If anyone, for any reason, does not want this service, they can opt out by contacting the Town Chairman.
